Snow Bird

Bring Added Life and Movement to Your Watercolors

Sunday, Nov. 10 ~ 1 - 5 pm

at Lincoln Gallery, 429 N. Lincoln Ave., Loveland

Brightening a winter's day, a small chickadee brings life to snowy winter foliage. Learn keys for strong composition and design needed to create a fun, interpretive vignette background. Capture the lively character of an easily rendered chickadee in just a few brush strokes. Tips will be shared for maintaining color harmony and for creating a range of harmonious, natural-looking greens. A variety of finishing techniques will be presented to bring added life and movement to your painting.

Finished painting will be 8x10" and fit a standard matted 11x14" frame.

Cost for the class:

Thompson Valley Art
League member: \$125

Non-member: \$140
