

Fused Glass Trinket Plates

with Gail Frick

Sunday, June 1, 2025 ~ 1-5 pm

at Lincoln Gallery, 429 N. Lincoln Ave, Loveland

Gail Frick has been working with fused glass for over 10 years.

One of her favorite things about glass is its endless possibilities.

She invites you to fall in love, too!

In this class, participants will learn about the properties of glass while making small glass “trinket” plates that are one of a kind. And...you will have time to make more than one!

- learn about cutting glass, the physics of glass and the art of glass
- a hands-on learning environment
- Kiln formed glass is an art form where separate pieces of glass are subjected to high heat (1200 F to 1600 F) to “fuse” the pieces together.
- your pieces will be fired, slumped and finished for you to enjoy
